CLAIMS 1-41 ARE PRESENTED FOR EXAMINATION

Applicant's election of Group II in Paper No. 8 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

The requirement is still deemed proper and is therefore made FINAL.

The claims have been examined only to the extent of the elected compounds, Claims 1-43 are rejected under 35 U.S.C 112, second paragraph since they are beyond applicant's elected invention.

The phrase in claim 1, lines 8 and 9 et seq. "halogen, up to halosubstitution" is deemed indefinite as to the number of halogens are within the phrase.

Generic claim 1 appears allowable if the elected compounds of 35 and 36 are inserted therein and the non-elected portions of claim 1 are deleted.

It is requested that applicant's attorney contact the Examiner to further discuss the above as stated in a recent telephone conversation with Mr. Traverso.
